SUPPLEMENTAL AMENDMENT

012

Sir:

Please amend the title of the application to read "System and Method For Secure Network Access."

Please add the following new claims to the application. A check in the amount of \$519.00 is enclosed to cover the additional claims fee.

- 16. A method for verifying a user and a user computer comprising:
 - receiving a request for verification from a computer;
 - in response to the request for verification, sending at least one request to the user computer;
 - receiving at least one response from the user computer, the at least one response including a first fingerprint file and a first identification for the user;
 - comparing the first fingerprint file against a second fingerprint file to verify the user
